FORGET PLASTIC

While other plastic can holders are made from recycled plastic, it's still plastic! KlippaKan® is different. Developed with the sole purpose of reducing plastic waste, KlippaKan's base raw material is manufactured from FSC certified cardboard. KlippaKan provides the opportunity to reduce plastic use from your supply chain.

Its strong, sturdy design has been rigorously tested in all conditions, giving the consumer confidence when taking from fridge to car to esky.

KlippaKan will easily fit into your existing RSC. We have developed a number of scalable processes to fit your specific needs.

A complete turnkey solution that is foremost a win for the environment and is also Australian made.

Each Klippa can be printed and incorporate your brand or even an on pack promotion. So not only are you helping the environment by reducing your plastic usage, your shelf presence has impact!

For more information about how KlippaKan help your business, visit our website or call (02) 9791 0644.

Midland.

INSURANCE BROKERS

Brewery Insurance. Uncomplicated.

Our advice is based on practical and proven knowledge of the needs and challenges facing the brewery industry.

We take the time to assess your individual risks and exposures, and deliver smart and uncomplicated insurance solutions that are tailored to your business.

We are a full-service brokerage. This means providing you with a full analysis and review of your operation, meeting with you face to face, explaining and 'uncomplicating' all aspects of your policy, and having a dedicated department to manage your claims.

Infinitely recyclable beverage packaging

At Orora, we're working to grow the circular economy. We do this by creating products that can be recycled, in order to be reused again.

Did you know that aluminium and glass are infinitely recyclable? This means that you can recycle them over and over again without any loss of quality.
